

Dear Lillstreet Community,

In light of the State of Illinois moving into Phase 5 of Covid protocols, we would like to reiterate our policies.

**For Vaccinated Adults**

- Masks are required to enter the building and in all public spaces, such as galleries, hallways, and washrooms.
- Due to the openness of our classrooms and the number of campers in our building during the summer months, we still require masks inside the classroom.

**For Unvaccinated Adults**

- Masks are required in all spaces.

**For Children**

- Masks are required indoors at all times.
- Teachers and assistants are also required to wear masks.

**Other changes to policy:**

- We will no longer require temperature checks for camps or Covid symptom forms from any student.
- We have started to increase enrollment numbers for some classes and camps this summer and will continue to make increases as we near the fall session.

We ask that you continue to do self-evaluations and if you are feeling unwell, please stay home.

Sincerely,  
Your Friends at Lillstreet
